

CFA Core Values:

1. In becoming more **Christ centered**, we are committed to prayer, and total dependence on God, and His saving grace through Jesus Christ. Effective ministries of mercy are to give the deed of mercy and the word of salvation.
2. In reflecting **Biblical Justice**, we are committed to addressing the root causes of poverty, protecting and redeeming God's creation, and recognizing equality of all image bearers of God by addressing structural issues of racism and sexism.
3. As we seek to be **God's people in community**, we are committed to building relationships and neighborhoods. Every person needs God's transforming power for change found in Christian community. God needs to act on the "giver" and "receiver" often through the interaction with one another. We desire to help people discover that God has placed the necessary pieces for building His Kingdom in every community. Physical proximity is one key to sustaining relationships.
4. In **developing Spirit filled leadership**, we are committed to empowering and building others up, identifying gifts and passions for ministry, being prophetic about issues which need the church's attention and building local, indigenous leaders.
5. In seeking to **Collaborate with others in building the Kingdom**, we are committed to building up the church of Jesus Christ as one (among others) resident agent in every community redeeming people and the community itself. We look for, respect and include all God's gifts and resources in the work of community transformation.
6. As we strive to **be accountable** to those we serve and to those who support community transformation ministries, we are committed to having open systems and governance, transparent reporting, building the capacity of our churches/organizations and having integrity by evaluating results and effectively using resources.
